

Hambden Township Park Board
Regular Meeting
August 13, 2018

Hambden Park Board met in regular session on August 13, 2018 at 6:00 p.m. in Hambden Township Hall. The following members were present: Mike Romans, Joyce Edelinsky, Linda Petkosek and Dan O'Reilly. Barry Bishop absent.

MINUTES

Motion by Dan O'Reilly, second by Joyce Edelinsky to approve the July 16, 2018 minutes as presented. Upon call of vote, all yes.

OLD BUSINESS

Concrete picnic tables sealing – Mapledale submitted a quote for sealing the concrete picnic tables. The quote did not contain the complete information we needed. We will talk to Mapledale again and discuss at our September meeting. We need product information, whether it is can be used around food, warranty, etc.

Trash Receptacles – Trash receptacles have all been placed in the park and cemetery.

Movie in the Park – The movie in the park went well. We had approximately 70 people in attendance. This will be a project we hope to continue next year.

Hambden School Picnic Tables/Bell – no further information at this time.

Community Picnic - The community picnic went well. Well attended despite the rain.

OTARMA/KLA Risk Assessment/Wood Jungle Gym – Keith and Joyce will fill out the paperwork needed for the risk assessment. The holes at the top of the wood jungle gym were fixed. Ken Chuha dug up one footer and found deterioration. It was determined that even though that piece of equipment will eventually be replaced when the funds are available that we should go ahead and fix all footers now.

NEW BUSINESS

Fall Baseball – Mike received the fall schedule for Gigliotti's practices and games.

ATV Signs - Signs were purchased and posted for no ATV's and motorcycles in the park.

Parking lot drain/Poured in place surfacing – We are having a drainage problem in the parking lot in the area between Just for Kids daycare and basketball court. The daycare had concrete work done and the cement truck dumped left over concrete by the drain next to the day care preventing proper drainage that would come out by the basketball court. Keith was going to notify the daycare of the issue by letter.

The poured in place surfacing on the west side by the sidewalk by the rockwall is lifting up from the ground. The area is better if not mowed close to the edge allowing the grass to help hold the surface in place. Mike will try to find a product that we can use to adhere the surface to the ground. Joyce may have to contact Dave Williams.

The next meeting will be held September 10, 2018 at 6:00 p.m. There being no further business to come before the board motion by Dan, second by Mike to adjourn at 7:00 p.m.

Linda Petkosek, Secretary
